

October 5, 2020

Dear Families and Friends,

Since our update last week, we are still working with the lab to get all insurance information ready for our testing. While we hoped to have everything finished for testing this week, unfortunately there is still a delay. We will let you know when our next round of testing will take place as soon as we find out.

All staff are being screened per CDD/MDH guidelines upon their arrival at work, and Residents are monitored for signs and symptoms of the virus. All Staff, Sisters and Residents are wearing their masks and everyone is doing great at keeping a six feet distance as much as possible.

Fall has arrived and the Residents are very happy to be able to enjoy the few warm days left, spending time outdoors as much as possible. The gym is open for Residents and activities are being done on all floors.

With the cold weather around the corner we will soon be changing window visits to a “Inside Window Visits” in the conference room, which is the same room we are currently using for the window visits. Please continue to schedule window visits like you always have.

If you are interested in getting more information on COVID-19 guidance for nursing facilities, please visit [CMS.gov](https://www.cms.gov).

We thank you for your continued support and will update you as things change. Be assured of our prayers for your health and safety.

May God bless you!

Mother Theresa Louisa, lsp  
Little Sisters of the Poor

We could use donations of:

- Sanitizing Wipes
- Medical Gloves Size Large
- Bottled Water
- Disposable Hinged Containers
- Disposable Silver Ware
- N 95 Masks
- Individually Wrapped Treats
- Liquid Tide HE
